

DEALER

INSTALLER

— Dealer Installer App User Guide —

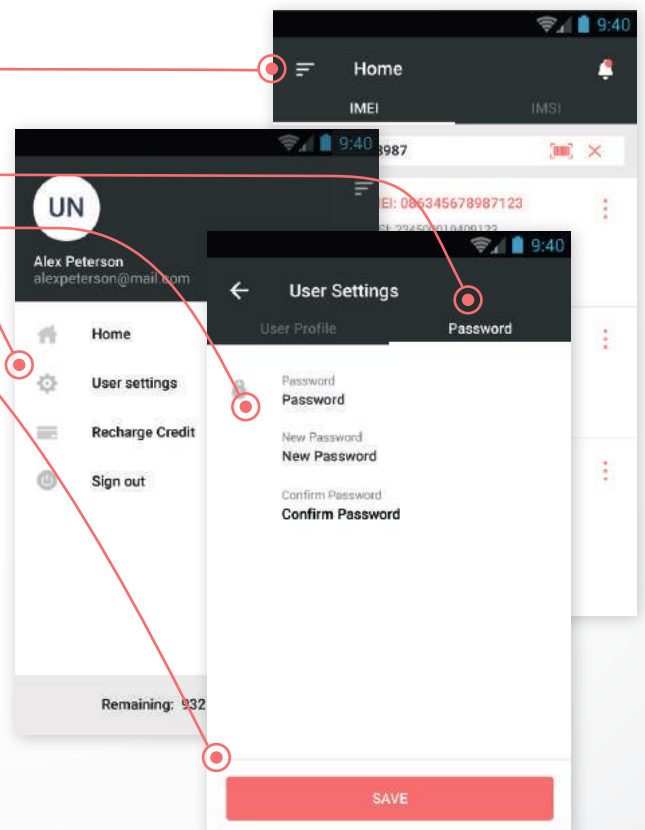

— Logging On —

1. Go to the **Dealer installer app**;
2. Log on using your **Account/login name**, and **Password**. 

— Changing Your Password —

1. Tap the **Menu icon**. 
 2. Select **User Settings**. 
 3. On the Settings screen, click the **Password tab**. 
 4. **Enter** the current and new password to change it. 
 5. Click the **Save button**. 
- Re-login the mobile application with a new password.

— Checking Device —

1. Once you have logged in, and see the following screen, enter the IMEI number that you are installing into the **IMEI field**, and click **Search** icon, Or click on the barcode icon to scan.

2. The following screen will then appear, confirm the IMEI/ID number is the same on the device as the one showing on the screen. Then select the **Options tab** (3 vertical dots).

You will be suggested to fill in **Install Notice form** (If this is the first installation, click OK. If you have already entered this information, click Cancel).

3. **Select** the desired command from the command list.

The command will be submitted and will provide an in-app notice once it is received should you exit the screen.

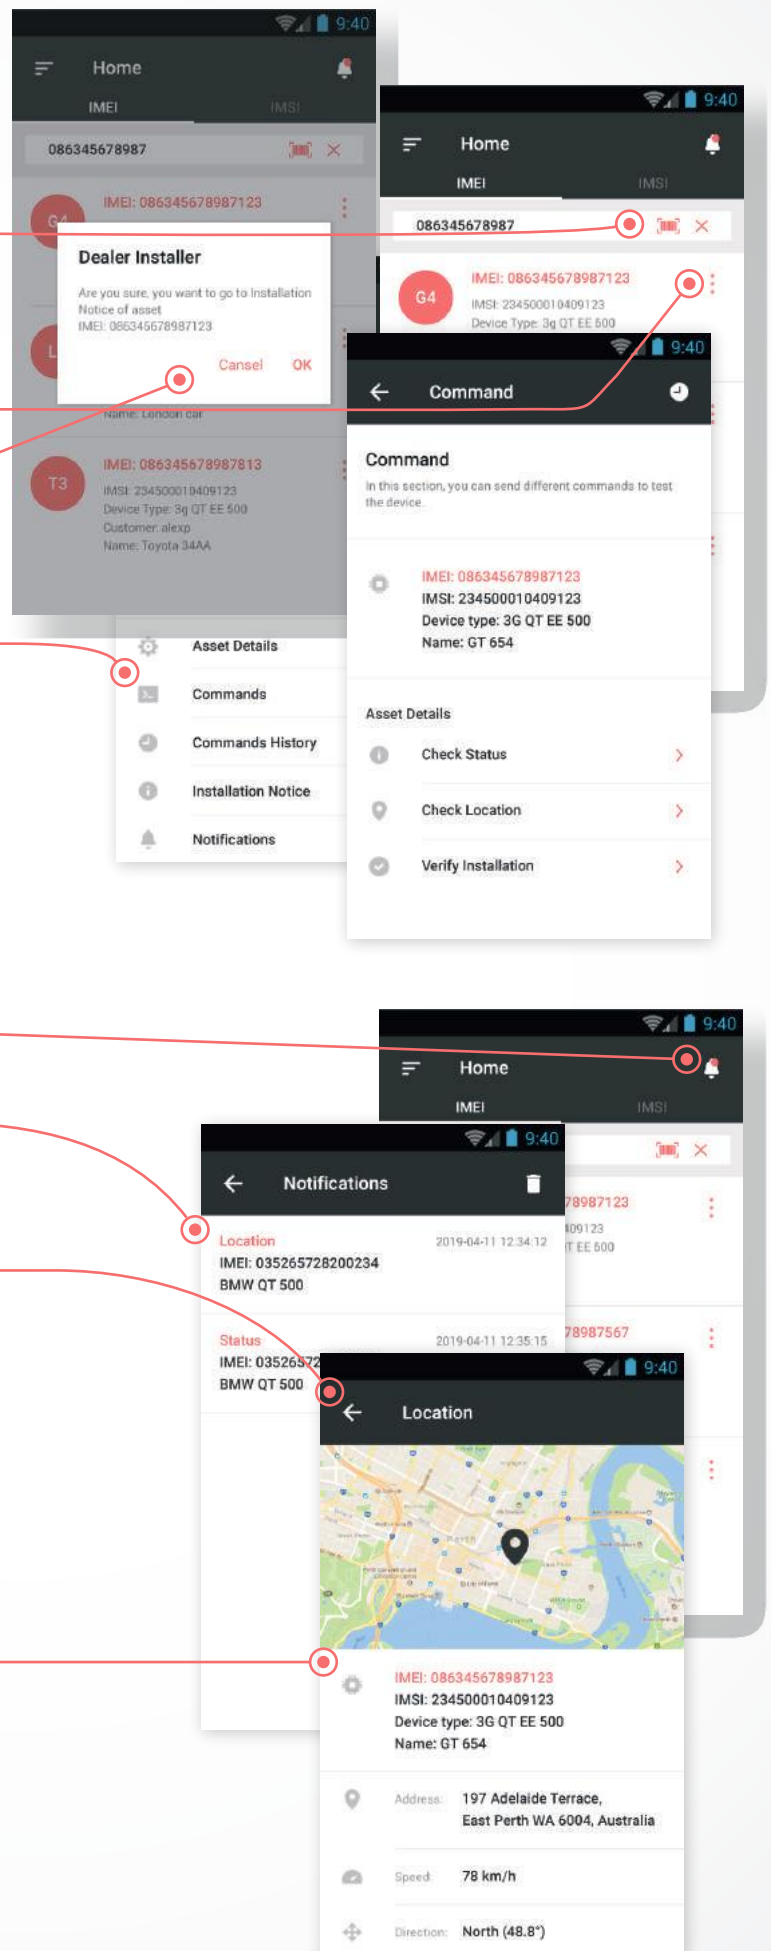

To check the commands history, select the menu item **Commands history** or click on the **Clock icon** in the upper right corner, on the Commands page.

4. Select the **Notification icon**.

5. Then select the desired **Notification** you wish to review.

6. It will then display the **Information**.

7. Select the **Back button** on your phone to exit the screen.

— Installation Notice —

After the installation of the device is completed, fill in the details to complete it successfully.

1. **Search** the device by IMEI/ID number.
2. **Select** the option tab (3 vertical dots).
3. Select **Installation notice**.
4. Enter **Information** in the appropriate fields.
5. Click the **Submit button**.

The screenshot displays a mobile application interface with a 'Home' screen. A search bar at the top contains the IMEI number '086345678987'. Below the search bar, a list of device entries is shown, each with a three-dot menu icon. The 'Installation Notice' option is selected in the menu. The form below contains the following fields:

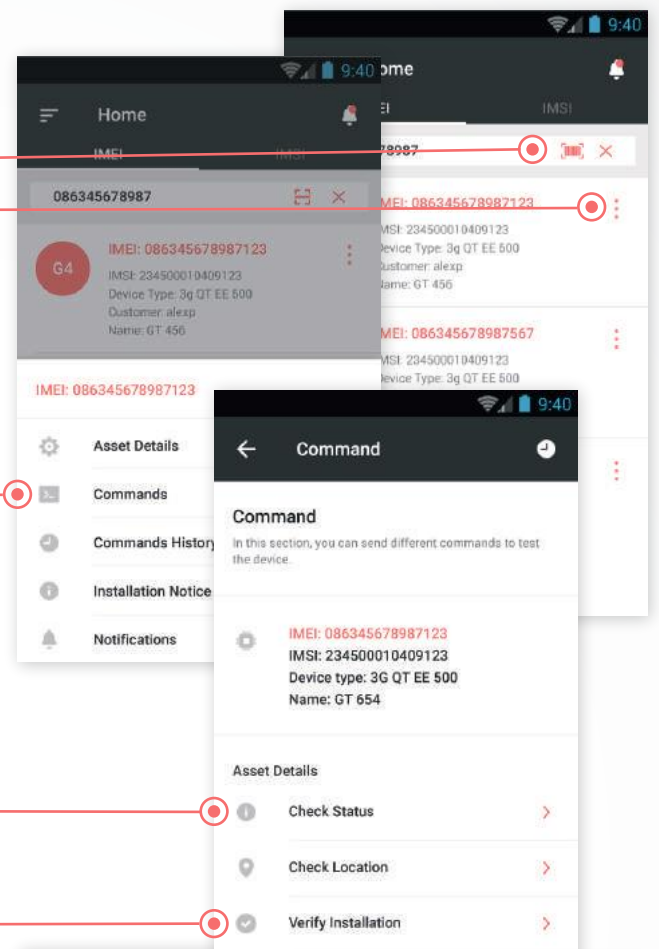

- VIN* (VIN)
- IMEI* (IMEI)
- Name / Registration* (Name / Registration)
- Stock Number* (Stock Number)
- Lot (Lot)
- Asset Type* (Cars)
- Make* (Make)
- Model* (Model)
- Color* (Color)
- Year* (Year)
- Solution Type* (Solution Type)
- Service Plan* (Service Plan)
- Fitment Options (Selected: 0)
- Installation Location (Installation Location)
- Notes (Notes)

A red 'SUBMIT' button is located at the bottom of the form. Red circles and lines highlight the search bar, the three-dot menu, the 'Installation Notice' option, and the form fields.

— Verify Installation —

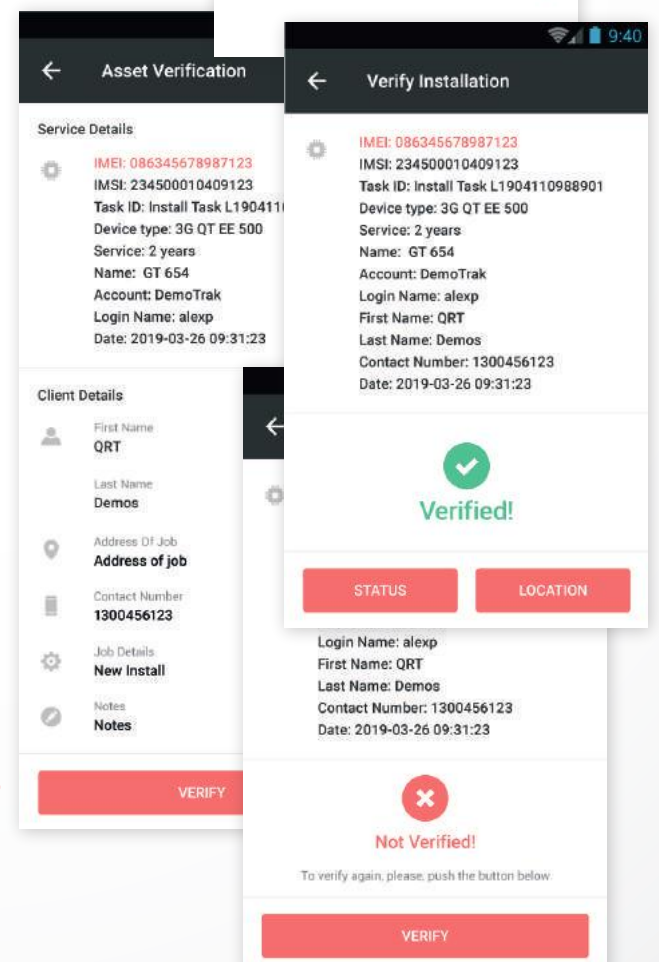

To check whether the device was installed correctly, as well as information about it, follow these steps:

1. **Search** the device by IMEI/ID number.
2. **Select** the option tab (3 vertical dots).
3. Select **Commands**.
4. **Check Status** and **Location**.
5. Click **Verify installation** item.

5. Check the **Information** and if all is OK click the **Verify button**.

If the data is correct, you can check the status or position of the device. If there was a mistake, you will see the error screen and you need to check again.

— Edit Asset Details —

You can edit Asset Details after Install Notice form was submitted.

1. **Search** the device by IMEI/ID number.
2. **Select** the option tab (3 vertical dots).
3. Select **Asset Details**.
4. **Enter/Edit** data.
